## **HEALTH BRIEF**

### **When Eating Becomes an Issue April 22**

Grand Junction, CO - The Community Hospital Nutrition and Diabetes Education Team invites you to an informational session concerning children with diabetes on Thursday, April 22 from 7 - 8 pm in the lower level conference room.

Cheri LeFevre M.Ed, LPC specializes in counseling for people with eating disorders. She will speak on the signs, symptoms and treatment of disordered eating in children with diabetes. She will also discuss coping mechanisms for children. Children and parents are encouraged to attend together. This fun and helpful course will benefit anyone involved in the care of a person with diabetes including CNAs, home health aides, food service personnel, and activity leaders.

To register, please call Marisa Hurt in the Community Hospital Nutrition Department at (970) 256-6387 or visit [YourCommunityHospital.com](http://YourCommunityHospital.com). The class is limited to 30 students.
